Paulo do Vale Afonso (1982.Ponte de Lima, Portugal) is graduated in architecture from the Architecture Department of Coimbra's University (Portugal) and NTNU (Trondheim, Norway).

Through collaborative working networks, he has been developing studies and projects of architecture, both independently or in collaboration with other individuals, companies and/or organizations, as well as collaborating in design offices assisting in the development of architectural projects in all its design phases.

Since 2009 he has been collaborating with several architecture offices in Portugal, Barcelona, Peru and Macau, amongst which OAB – Carlos Ferrater Partnership, Impromptu Projects, Brnco-Delrio and 51-1 Arquitectos, the peruvian branch of Supersudaca. With more than 10 years of experience, he has worked on several international projects of various scales. As project leader in 51-1 Arquitectos, he was responsible for the design and delivery of major projects, such as collective housing projects Arawa, SO3555, and Palmeras, or the Ciudad del Rio masterplan, amongst others

He was a co-founder of AMA – Afonso Maccaglia Architecture (2012-2014) where he has developed mainly educational projects in the Peruvian jungle, awarded in the *XIX Bienal Panamericana de Arquitectura de Quito* (BAQ) 2014 and finalists in the *Oscar Niemeyer Award of Latin-American Architecture* 2016 and *X Bienal Iberoamericana de Arquitectura y Urbanismo* (BIAU) 2016.

Has been shortlisted as one of the 10 architects/studios selected worldwide to the Début Award for architects under the age of 35 of the 4th Lisbon Architecture Triennale in 2016, and his work has been presented in conferences and published worldwide.

He is currently residing and working from Portugal.
He is a co-founder/partner of RAS-A and a co-founder of Morfema Magazine.
